CLARIFICATION FOR REQUESTS NO.2

| No. | Initial Selection Document Page Number | Relevant Clause in the Initial Selection Document | Prospective Applicants' Question or Clarification Request | Employer's Response | Amendment to Initial Selection Document Required YES or NO (If "YES", please specify the Amendment Number) |
|-----|--|---|---|--|--|
| 1 | Page 9-14 | Section I- Instructions to Applicants Item 17.2 Section II- Initial Selection Data Sheet (ISDS) ITA 17.1 ITA 19.1 | We will need an additional 1.5 months to offer you a better solution. We believe that we will be able to offer you the optimum solution if you make such a change in the deadline for bidding. | Please see Amendment No.2. Item 1 and 2 The deadline for submission has been extended to February 29,2024. | YES |
| 2 | Page 66 | Section VII- Employer's Requirements- 2.3- Main Characteristics and Requirement of the Plant | We would like to emphasize that using a two-line system may create disadvantages in terms of investment cost, operation and maintenance. Also, in terms of energy costs, a single-line system would be more advantageous at the projected capacity. | Please be informed that the main characteristics and requirements of Plant have been defined in Section VII- Employer Requirements-Table 5, item 5. "Min number of parallel treatment lines of sludge incineration and energy recovery plant will be 2." As Antalya is a touristic city and the population may vary regarding to the seasons, in accordance with the | NO |

Schedule</p> | <p>Based on your preliminary data, we would like to emphasize that the need for external heat energy in a plant of this capacity should be taken into account during the tender process and that a detailed process calculation will be made after we receives all technical details. We would like to emphasize that we will not be able to submit a bid until we have received all the technical data, and that we will need approximately 1.5 months to prepare a bid after receiving this data.</p> | <p>Please be informed that the main characteristics and requirements of Plant have been defined in Section VII-Employer Requirements. The Employer will not submit any additional information besides these above-mentioned sections.</p> <p>Furthermore, Applicants' brief descriptions for related mass and energy balance of proposed system will be evaluated according to Section III- Initial Selection Criteria-Table 2- Rated Criteria- 3- Contract Management Capability, Form CMC and Section-II, Initial Selection Data Sheet ITA 11.1(d).</p> <p>This stage consists of initial selection procedures. At this stage of the bidding procedure, we are seeking the most experienced prospective applicants. Following the initial selection, the bidding stage will be started.</p> <p>After the completion of initial selection stage, the detailed technical specifications will be submitted to short-listed firms to prepare their detailed technical proposal. Besides, sufficient time will be given to the short-listed firms for preparation of technical and financial proposal as mentioned in Section VII-Employer's Requirements, 3. Schedule.</p> | NO |
| 4 | Page 5 | <p>Section I- Instructions to Applicants</p> <p>Item 4.1 and Item.4.2</p> | <p>We would like to be involved as a technology provider in the mentioned tender process.</p> <p>Acting as a Technology provider, is it possible for us to participate in more than one joint venture with different participants in the tender?</p> | <p>No. Please be informed that regarding to Section I-Instructions to Applicants Item 4.2 , "a firm may apply for initial selection both individually, and as part of a joint venture, or as a subcontractor. If initially selected, it will not be permitted to bid for the same contract both as an individual firm and as a part of the joint venture."</p> <p>It is not permitted to participate to tender with more than one joint venture.</p> <p>Besides, regarding to Section I- Instructions to Applicants Item 4.1, in the case of a joint venture, all</p> | NO |
